PRACTICAL HOMES

EIGHTH EDITION

"Practical Homes" is published as an aid to the home-builder. It is designed to help in the selection of a house best suited to various individual requirements.

The houses selected have been chosen for their attractive design, efficient plan and economy of construction.

The illustrations are photographic reproductions and present a vivid picture of the completed house.

PLAN SERVICE

A Plan Service that offers the homebuilder the assistance of experienced house designers.

A complete set of plans consists of elevations, floor plan layouts, details, specifications, lumber and millwork list.
